

Leicester, Sept. 11. '61.

Dear Mr. Garrison, I was so much gratified with the article of D. H. Plumb, in last week's Standard, that I wrote to O. J., hoping it might be in type, with a view to have some cheap tracts <sup>of it</sup> struck from the St.'s types. But it was too late. I wish you would transfer it to Liberator. Even among the best of our A.S. literature, it will be valued. It seems to me especially forcible, & especially timely; and if you copy it, cannot we afford 3000 Cheap tracts of it? - Johnson says, "Plumb is an old Lib. party Abolitionist - a business man of this city - formerly a Methodist minister. - His article is indeed excellent."

I am very sorry the ladies did not decide definitely to do something; then we c<sup>d</sup>. write our foreign letters. All details may, & must, be left to shape themselves according to the circumstances of the time, when the meeting is held. - I trust the adjourned meeting will be held soon,  
Yrs. &c.
